

Walk-in care

Added walk-in clinics make care even more accessible

As an Aetna CA HMO member, your care options are expanding. You can now visit an in-network walk-in clinic near you at the cost of your PCP copay. And more, you won't need any prior authorization or referrals to receive everyday common care at the walk-in clinic.

The walk-in clinics can help you with:

- Minor illnesses (flu, infections and body aches)
- Minor injuries (blisters, burns, wounds and minor sprains)
- Screening and monitoring (asthma, diabetes and high blood pressure)
- Skin conditions (minor infections, rashes, sunburn and poison ivy)
- Wellness and physicals (pregnancy testing, weight evaluations)*

For a more **personalized experience**, the medical information from your visit at most of the in-network walk-in clinics will be shared with your primary care doctors, ensuring more connected care by your providers.

Find a walk-in clinic location near you by using the Aetna HealthSM app

The app can be found in the App Store and Google Play.

*Most wellness and physicals are no cost to member.

Weekend and after-hours care. Open every day, including evenings, offering both walk-in and scheduled appointments.
