OF YOUR RETIREMENT SAVINGS PLAN BENEFITS

YOUR GUIDE TO GETTING STARTED

Save for retirement through TTT West Coast, Inc. 401(k) Retirement Savings Plan easily, regularly, and automatically.

With all the responsibilities and financial priorities you might be juggling – mortgage payments, parenthood, saving or paying for college, caring for parents, and more – it can be easy to overlook the need to save for retirement. But it's important to consider setting aside money for retirement as early and regularly as you can, because the quality of your retirement years could very well depend on how much you have been able to save.

As you consider enrolling in TTT West Coast, Inc. 401(k) Retirement Savings Plan and selecting investment options for your account, please review this Enrollment Guide. It contains valuable information that may help you better understand the basics of investing, as well as help you make the most of your company's retirement savings plan.

PARTICIPATING IN YOUR **plan**

There are many benefits to participating in the TTT West Coast, Inc. 401(k) Retirement Savings Plan. One of the primary benefits is that you will receive help reaching your financial goals for retirement. By reviewing the important information in this guide and visiting Fidelity NetBenefits® at www.401k.com, you can take advantage of what your company and Fidelity have to offer.

When am I eligible for the Plan?

You are eligible to participate in the Plan if:

- you complete 3 months of service
- and you are not:
 - covered by a collective bargaining agreement (unless the agreement specifically provides for you to be covered by the plan)
 - a leased employee
 - Any individual who provides services as an independent contractor (with payments made from Cast & Crew or BTL Payroll, Inc. on behalf of a Participating Employer either directly to the individual or to their corporation on their behalf), even if the individual is subsequently deemed to be a common-law employee for any other purpose, is excluded from this Plan. Leased Employees as set forth in Section 1.04(d)(2)(C) above are also excluded from Participation in this Plan, unless they are individually paid through Cast & Crew or BTL Payroll, Inc. for services rendered to the Employer. Any Employee of the Employer, as defined in Subsection 2.01(u) of the Basic Plan Document, must have entered into a three (3) year contract as of the Employee's Employment Commencement Date to be considered an Eligible Employee. However, if an otherwise Eligible Employee of the Employer originally had entered into a three (3) year contract as of his or her Employment Commencement Date, ceased to have a three (3) year contract at some date thereafter but continued to be employed as an Employee with the Employer, the Employee will remain an Eligible Employee unless he or she becomes a member of a class of Employees otherwise excluded from the Plan.

How do I enroll?

To enroll, log on to Fidelity NetBenefits® at www.401k.com. You can also set up your beneficiary information by going to Fidelity NetBenefits® at www.401k.com or calling a Fidelity Representative at 1-800-835-5097 to request a Designation of Beneficiary Form to fill out and return to Fidelity.

Remember to choose your investment options when you enroll. If you do not select an investment, your Plan Sponsor has directed Fidelity to place your contributions in the Fidelity Investments target date fund that most closely aligns with your projected retirement date based upon your birth year.

When is my enrollment effective?

Once you satisfy this requirement you will become eligible to participate in the Plan on the first day of the following month.

How much can I contribute?

Through automatic payroll deduction, you may contribute between 1% and 60% of your eligible pay on a pretax basis, up to the annual IRS dollar limit (2018 = \$18,500). You may change your deferral percentage as applicable on the first day of each month.

In addition, you can *automatically* increase your retirement savings plan contributions each year through the Annual Increase Program. To sign up, log on to NetBenefits®, or call the plan's toll-free number.

If you are age 50 or over by the end of the taxable year and have reached the annual IRS limit or Plan's maximum contribution limit for the year, you may make additional salary deferral contributions to the Plan up to the IRS Catch Up Provision Limit (2018= \$6,000).

Can I move money from another retirement plan into this one?

You may be permitted to roll over eligible contributions into this Plan from a previous employer's retirement plan. For other eligible account types, please see your Summary Plan Description. Once you have confirmed that your Employer will accept your rollover contribution, you can get started in the "Rollovers" section online. ***Be sure to consider all your available options and the applicable fees and features of each before moving your retirement assets.***

When am I vested?

The term "vesting" refers to the portion of your account balance that you are entitled to under the plan's rules.

You are always 100% vested in your:

- employee pretax account
- rollover account
- and any earnings thereon.

Can I take a loan from my account?

Although your plan account is intended for your retirement, you may take a loan from your account.

Can I make withdrawals from my account?

Withdrawals from the Plan are generally permitted in the event of termination of employment, retirement, disability, or death. You may also be eligible for a withdrawal in the case of a severe financial hardship as defined by your Plan.

How do I access my account?

Through Fidelity NetBenefits® at www.401k.com you have access to your account information, retirement planning tools, and e-Learning workshops® that provide you access to self-paced training on savings and investing principles.

You may call the Retirement Benefits Line at 1-800-835-5097 between 8:30 a.m. and 8:00 p.m. on any business day when the New York Stock Exchange is open. Fidelity Representatives can assist you with transactions and answer many of your questions regarding retirement savings.

How do I learn more?

Through Fidelity NetBenefits® at www.401k.com you have access to your account information and retirement planning tools including:

- **Live and self-paced learning workshops.** The workshops cover a variety of topics including determining your retirement savings needs, evaluating your investment options and keeping your investment strategy on track to help you achieve your retirement goals.

In addition, you can take advantage of local Investor Centers by scheduling time with a Fidelity Representative to discuss your total investment needs beyond your retirement savings plan. Or, if you prefer, call 1-800-Fidelity for a complimentary portfolio review.

How do I change my investment options?

You can make changes to your investment selections online at www.401k.com or by calling the Retirement Benefits Line at 1-800-835-5097.

Create an asset strategy that's right for you:

- Visit the Library section of NetBenefits®.

How do I manage my account?

Through Fidelity NetBenefits® at www.401k.com you may sign up to receive alerts via email when your retirement savings account strays from the investment allocation you established.

To update your beneficiary information go to NetBenefits® and enter your beneficiary information at any time.

Your plan offers Fidelity® Personalized Planning & Advice ("The Service"), a managed account service that lets you delegate the day-to-day management of your workplace savings plan account to professional investment managers. Fidelity's experienced professionals evaluate the investment options available in your plan and identify a model portfolio of investments appropriate for an investor like you. The Service then invests your account to align with this model portfolio and provides ongoing management of your account to address changes in the markets, your plan's investment lineup, and changes in your personal or financial situation.

With a managed account, you can take advantage of Fidelity's resources and experience to help ensure that:

- Your investments are managed through the ups and downs of the market.
- You're keeping your accounts aligned with your goals through annual reviews and check-ins.
- Your account is actively managed to create an opportunity for long-term gains while managing the risk associated with investing.

This spectrum, with the exception of the Domestic Equity category, is based on Fidelity's analysis of the characteristics of the general investment categories and not on the actual investment options and their holdings, which may change frequently. Investment options in the Domestic Equity category are based on the options' Morningstar categories as of the most recent calendar quarter. Morningstar categories are based on a fund's style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options' objectives and do not predict the investment options' future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options may vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decision. The spectrum does not represent actual or implied performance.

Exchanges from the Managed Income Portfolio* to certain bond or money market funds (considered "competing funds"), must first be exchanged to an option that is "non-competing," such as an equity mutual fund. After 90 days, you can then exchange to a "competing fund". Please contact your Plan Administrator or a Fidelity Representative at 1-800-835-5097 for more information.

*The Managed Income Portfolio is not a mutual fund, but is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. It is managed by Fidelity Management Trust Company.

ADDITIONAL INVESTMENT **options:**

Target Date funds offer a blend of stocks, bonds, and short-term investments within a single fund. They are designed for investors who don't want to go through the process of picking several funds from the three asset classes but who still want to diversify among stocks, bonds, and short-term investments.

Target date investments are generally designed for investors expecting to retire around the year indicated in each investment's name. The investments are managed to gradually become more conservative over time. The investment risks of each target date investment change over time as its asset allocation changes. They are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risk associated with investing in high yield, small cap and foreign securities. Principal invested is not guaranteed at any time, including at or after their target dates.

DESCRIPTIONS OF INVESTMENT **options**

STABLE VALUE FUNDS

**Managed Income
Portfolio Class 1
0632**

Objective:

The fund seeks to preserve your principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable net asset value (NAV) of \$1 per share, but it cannot guarantee that it will be able to do so. The yield of the fund will fluctuate.

Strategy:

The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions ("Contracts"), fixed income securities, and money market funds. Under the terms of the Contracts, the assets of the fund are invested in fixed income securities (which may include, but are not limited to, U.S. Treasury and agency bonds, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities, and collective investment vehicles and shares of investment companies that invest primarily in fixed income securities) and shares of money market funds. The fund may also invest in futures contracts, option contracts, and swap agreements. Fidelity Management Trust Company, as investment manager and trustee of the Fidelity Group Trust for Employee Benefit Plans, has claimed an exemption from registration under the Commodity Exchange Act and is not subject to registration or regulation under the Act. At the time of purchase, all Contracts and securities purchased for the fund must satisfy the credit quality standards specified in the Declaration of Separate Fund

Risk:

The Contracts and securities purchased for the fund are backed solely by the financial resources of the issuers of such Contracts and securities. An investment in the fund is not insured or guaranteed by the manager(s), the plan sponsor, the trustee, the FDIC, or any other government agency. The Contracts purchased by the fund permit the fund to account for the fixed income securities at book value (principal plus interest accrued to date). Through the use of book value accounting, there is no immediate recognition of investment gains and losses on the fund's securities. Instead, gains and losses are recognized over time by periodically adjusting the interest rate credited to the fund under the Contracts. However, while the fund seeks to preserve your principal investment, it is possible to lose money by investing in this fund. The Contracts provide for the payment of certain withdrawals and exchanges at book value during the terms of the Contracts. In order to maintain the Contract issuers' promise to pay such withdrawals and exchanges at book value, the Contracts subject the fund and its participants to certain

restrictions. For example, withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the fund's securities, which may be less than your book value balance. Certain investment options offered by your plan (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) may be deemed by the Contract issuers to "compete" with this fund. The terms of the Contracts prohibit you from making a direct exchange from this fund to such competing funds. Instead, you must first exchange to a non-competing fund for 90 days. While these requirements may seem restrictive, they are imposed by the Contract issuers as a condition for the issuer's promise to pay certain withdrawals and exchanges at book value.

Short-term Redemption Fee:

Who may want to invest:

- Someone who seeks a slightly higher yield over the long term than is offered by money market funds, but who is willing to accept slightly more investment risk.
- Someone who is interested in balancing an aggressive portfolio with an investment that seeks to provide stability of price.

Footnotes:

The investment option is a stable value fund. It is managed by Fidelity Management Trust Company. This description is only intended to provide a brief overview of the fund.

This investment option is not a mutual fund.

Management Fee includes the costs associated with managing the investments in the pool. The management fee does not include the wrap contract fees, which are paid to third party wrap providers and do not result in any additional compensation to Fidelity. The wrap contract fees are not separately stated but are included in the Expense Ratio and do reduce returns.

This fund is a commingled pool of the Fidelity Group Trust for Employee Benefit Plans. Only qualified, participant-directed, defined contribution plans may invest in the fund.

Expense Ratio (Gross) includes management and wrap contract fees. For certain investments, it may also include distribution fees. Please note that the Gross and Net Expense Ratio are the same for this investment.

Short-term Redemption Fee Notes:

None

BOND FUNDS

**Fidelity® Investment
Grade Bond Fund
0026**

Objective:

Seeks a high level of current income.

Strategy:

Normally investing at least 80% of assets in investment-grade debt securities (those of medium and high quality) of all types and repurchase agreements for those securities. Investing in lower-quality debt securities. Engaging in transactions that have a leveraging effect on the fund.

**Fidelity® U.S. Bond
Index Fund - Premium
Class
2324**

Risk:

Fixed income investments entail interest rate risk (as interest rates rise bond prices usually fall), the risk of issuer default, issuer credit risk and inflation risk. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. Lower-quality bonds can be more volatile and have greater risk of default than higher-quality bonds. Leverage can increase market exposure and magnify investment risk.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking potential returns primarily in the form of interest dividends rather than through an increase in share price.
- Someone who is seeking to diversify an equity portfolio with a more conservative investment option.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

Short-term Redemption Fee Notes:

None

Objective:

Seeks to provide investment results that correspond to the aggregate price and interest performance of the debt securities in the Bloomberg Barclays U.S. Aggregate Bond Index.

Strategy:

Normally investing at least 80% of the fund's assets in bonds included in the Bloomberg Barclays U.S. Aggregate Bond Index. Using statistical sampling techniques based on duration, maturity, interest rate sensitivity, security structure, and credit quality to attempt to replicate the returns of the Index using a smaller number of securities. Engaging in transactions that have a leveraging effect on the fund, including investments in derivatives - such as swaps (interest rate, total return, and credit default) and futures contracts - and forward-settling securities, to adjust the fund's risk exposure. Investing in Fidelity's central funds (specialized investment vehicles used by Fidelity funds to invest in particular security types or investment disciplines).

Risk:

In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Unlike individual bonds, most bond funds do not have a maturity date, so avoiding losses caused by price volatility by holding them until maturity is not possible. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. The fund can invest in securities that may have a leveraging effect (such as derivatives and forward-settling securities) which may increase market exposure, magnify investment risks, and cause losses to be realized more quickly.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking potential returns primarily in the form of interest dividends rather than through an increase in share price.

**PIMCO Total
Return ESG Fund
Administrative Class
OQTW**

- Someone who is seeking to diversify an equity portfolio with a more conservative investment option.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

Returns prior to May 4, 2011 are those of the Investor Class and reflect the Investor Class' expense ratio. Had the Premium Class' expense ratio been reflected, total returns would have been higher.

The Bloomberg Barclays U.S. Aggregate Bond Index is an unmanaged market value-weighted index for U.S. dollar denominated investment-grade fixed-rate debt issues, including government, corporate, asset-backed, and mortgage-backed securities with maturities of at least one year.

Short-term Redemption Fee Notes:

None

Objective:

The investment seeks maximum total return, consistent with preservation of capital and prudent investment management.

Strategy:

The fund invests at least 65% of its total assets in a diversified portfolio of Fixed Income Instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements. It invests primarily in investment grade securities, but may invest up to 20% of its total assets in high yield securities. The fund may invest up to 30% of its total assets in securities denominated in foreign currencies, and may invest beyond this limit in U.S. dollar-denominated securities of foreign issuers.

Risk:

In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Unlike individual bonds, most bond funds do not have a maturity date, so avoiding losses caused by price volatility by holding them until maturity is not possible. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking potential returns primarily in the form of interest dividends rather than through an increase in share price.
- Someone who is seeking to diversify an equity portfolio with a more conservative investment option.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class's actual inception of 04/11/1997. These calculated returns reflect the historical performance of the oldest share class of the fund, with an inception date of 05/01/1991, adjusted to reflect the fees and expenses of this share class (when this share class's fees and expenses are higher.) Please refer to a fund's prospectus for information regarding fees and expenses. These adjusted historical returns are not actual returns. Calculation methodologies utilized by Morningstar may differ from those applied by other entities, including the fund itself.

DOMESTIC EQUITY FUNDS

Artisan Mid Cap Fund
Investor Class
OMVM

Objective:

The investment seeks maximum long-term capital growth.

Strategy:

The fund normally invests no less than 80% of its net assets plus any borrowings for investment purposes at market value at the time of purchase in the common stocks of medium-sized companies. It defines a medium-sized company as one with a market capitalization greater than the market capitalization of the smallest company in the Russell Midcap[®] Index and less than three times the weighted average market capitalization of companies in the index.

Risk:

Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. The securities of smaller, less well-known companies can be more volatile than those of larger companies. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated both with growth-oriented stocks and with smaller companies.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

The Russell Midcap[®] Index is an unmanaged market capitalization-weighted index of 800 medium-capitalization stocks. The stocks are also members of the Russell 1000[®] index.

Short-term Redemption Fee Notes:

**Fidelity® 500 Index
Fund - Premium Class
1523**

Objective:

Seeks to provide investment results that correspond to the total return (i.e., the combination of capital changes and income) performance of common stocks publicly traded in the United States.

Strategy:

Normally investing at least 80% of assets in common stocks included in the S&P 500 Index, which broadly represents the performance of common stocks publicly traded in the United States.

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the volatility associated with investing in the stock market.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

Returns prior to October 14, 2005 are those of the Investor Class and reflect the Investors Class' expense ratio. Had the Premium Class' expense ratio been reflected, total returns would have been higher.

The S&P 500 Index is a market capitalization-weighted index of 500 common stocks chosen for market size, liquidity, and industry group representation to represent U.S. equity performance.

Short-term Redemption Fee Notes:

None

**Fidelity® Blue Chip
Growth Fund - Class K
2078**

Objective:

Seeks growth of capital over the long term.

Strategy:

Normally investing at least 80% of assets in blue chip companies (companies whose stock is included in the S&P 500 or the Dow Jones Industrial Average, and companies with market capitalizations of at least \$1 billion if not included in either index). Investing in companies that FMR believes have above-average growth potential (stocks of these companies are often called "growth" stocks). Normally investing primarily in common stocks of well-known and established companies.

**Risk:**

The value of equity securities fluctuates in response to issuer, political, market, and economic developments. In the short term, equity prices can fluctuate dramatically in response to these developments. Different parts of the market and different types of equity securities can react differently to these developments. For example, 'growth' stocks can react differently from 'value' stocks. Foreign securities, foreign currencies, and securities issued by U.S. entities with substantial foreign operations can involve additional risks. You may have a gain or loss when you sell your shares.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated with growth-oriented stocks.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

On May 9, 2008, an initial offering of the retirement (K) class took place. Returns and expenses prior to that date are those of the non-K, non-advisor class. Had K class expenses been reflected in the returns shown, total returns would have been higher.

The S&P 500® Index is a registered service mark of The McGraw-Hill Companies, Inc., and has been licensed for use by Fidelity Distributors Corporation and its affiliates. It is an unmanaged index of the common stock prices of 500 widely held U.S. stocks that includes the reinvestment of dividends.

The Dow Jones Industrial Average (DJIA) is an unmanaged price-weighted index and is the most widely used indicator of how the country's industrial leaders are performing. Also known as "the Dow," this is a formula based on the stock prices of 30 major companies chosen from sectors of the economy most representative of our country's economic condition.

Short-term Redemption Fee Notes:

None

**Fidelity® Contrafund® -
Class K
2080**

Objective:

Seeks capital appreciation.

Strategy:

Investing in securities of companies whose value FMR believes is not fully recognized by the public. Investing in either 'growth' stocks or 'value' stocks or both. Normally investing primarily in common stocks.

Risk:

The value of the fund's domestic and foreign investments will vary from day to day in response to many factors. Stock values fluctuate in response to the activities of individual companies, and general market and economic conditions. Investments in foreign securities involve greater risk than U.S. investments. You may have a gain or loss when you sell your shares.

**Fidelity® Growth
Company Fund - Class K
2090**

Normally invests primarily in common stocks of domestic and foreign issuers that Fidelity Management & Research Company (FMR) believes offer the potential for above-average growth. Growth may be measured by factors such as earnings or revenue. Uses fundamental analysis of each issuer's financial condition and industry position and market and economic conditions to select investments.

Risk:

The value of the fund's domestic and foreign investments will vary from day to day in response to many factors, such as adverse issuer, political, regulatory, market, or economic developments. Stock values fluctuate in response to the activities of individual companies, and general market and economic conditions. You may have a gain or loss when you sell your shares. Foreign investments involve greater risks than those of U.S. investments. 'Growth' stocks can perform differently from the market as a whole and other types of stocks and can be more volatile than other types of stocks.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated with growth-oriented stocks.

Footnotes:

This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.

On May 9, 2008, an initial offering of the retirement (K) class took place. Returns and expenses prior to that date are those of the non-K, non-advisor class. Had K class expenses been reflected in the returns shown, total returns would have been higher.

Short-term Redemption Fee Notes:

None

Objective:

Seeks capital appreciation.

Strategy:

Normally investing primarily in common stocks. Normally investing at least 80% of assets in low-priced stocks (those priced at or below \$35 per share or with an earnings yield at or above the median for the Russell 2000 Index), which can lead to investments in small and medium-sized companies. Earnings yield represents a stock's earnings per share for the most recent 12-months divided by current price per share. Potentially investing in stocks not considered low-priced. Investing in domestic and foreign issuers. Investing in either "growth" stocks or "value" stocks or both. Using fundamental analysis of factors such as each issuer's financial condition and industry position, as well as market and economic conditions, to select investments.

**Fidelity® Low-Priced
Stock Fund
0316**

**JPMorgan U.S. Small
Company Fund Class A
OUEI**

Risk:

Stock markets, especially foreign markets, are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Foreign securities are subject to interest rate, currency exchange rate, economic, and political risks. The securities of smaller, less well-known companies can be more volatile than those of larger companies.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is comfortable with value-style investments and the potentially greater volatility of investments in smaller companies.

The Russell 2000® Index is an unmanaged market capitalization-weighted index of 2,000 small company stocks of U.S. domiciled companies.

Short-term Redemption Fee Notes:

None

Objective:

The investment seeks to provide high total return from a portfolio of small company stocks.

Strategy:

Under normal circumstances, the fund invests at least 80% of its assets in equity securities of small cap U.S. companies. "Assets" means net assets, plus the amount of borrowings for investment purposes. Small cap companies are companies with market capitalizations similar to those within the universe of the Russell 2000® Index at the time of purchase.

Risk:

The securities of smaller, less well-known companies can be more volatile than those of larger companies. Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.

TARGET DATE FUNDS

Fidelity Freedom® 2005 Objective:

Fund - Class K
3020

Seeks high total return until its target retirement date. Thereafter, the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

Strategy:

Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65. Investing in a combination of Fidelity domestic equity funds, international equity funds, bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that adjusts over time until it reaches an allocation similar to that of the Freedom Income Fund approximately 10 to 19 years after the target year. Ultimately, the fund will merge with the Freedom Income Fund. FMR Co., Inc. (the Adviser) may modify the fund's neutral asset allocations from time to time when in the interests of investors. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Through an active asset allocation strategy, the Adviser may increase or decrease neutral asset class exposures by up to 10 percentage points for equity, bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term.

Risk:

Investment performance of the Fidelity Freedom Fund products depends on the performance of the underlying investment options and on the proportion of the assets invested in each underlying investment option. The investment risk of each Fidelity Freedom Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked and foreign securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

Who may want to invest:

- Someone who is seeking an investment option intended for people in or very near retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

Objective:

Seeks high total return until its target retirement date. Thereafter, the fund's objective will be to seek high current income and, as a secondary objective, capital appreciation.

Strategy:

Designed for investors who anticipate retiring in or within a few years of the fund's target retirement year at or around age 65. Investing in a combination of Fidelity domestic equity funds, international equity funds, bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a "neutral" asset allocation strategy that adjusts over time until it reaches an allocation similar to that of the Freedom Income Fund approximately 10 to 19 years after the target year. Ultimately, the fund will merge with the Freedom Income Fund. FMR Co., Inc. (the Adviser) may modify the fund's neutral asset allocations from time to time when in the interests of investors. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Through an active asset allocation strategy, the Adviser may increase or decrease neutral asset class exposures by up to 10 percentage points for equity, bond and short-term funds to reflect the Adviser's market outlook, which is primarily focused on the intermediate term.

Risk:

Investment performance of the Fidelity Freedom Fund products depends on the performance of the underlying investment options and on the proportion of the assets invested in each underlying investment option. The investment risk of each Fidelity Freedom Fund changes over time as its asset allocation changes. These risks are subject to the asset allocation decisions of the Investment Adviser. Pursuant to the Adviser's ability to use an active asset allocation strategy, investors may be subject to a different risk profile compared to the fund's neutral asset allocation strategy shown in its glide path. The funds are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, commodity-linked and foreign securities. Leverage can increase market exposure, magnify investment risks, and cause losses to be realized more quickly. No target date fund is considered a complete retirement program and there is no guarantee any single fund will provide sufficient retirement income at or through retirement. Principal invested is not guaranteed at any time, including at or after the funds' target dates.

Short-term Redemption Fee: 0.00

**Who may want to invest:**

- Someone who is seeking an investment option that gradually becomes more conservative over time and who is willing to accept the volatility of the markets.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option or who does not feel comfortable making asset allocation choices over time.

Objective:

Seeks high total current income and, as a secondary objective, capital appreciation.

Strategy:

Investing in a combination of Fidelity domestic equity funds, international equity funds, bond funds, and short-term funds (underlying Fidelity funds). Allocating assets among underlying Fidelity funds according to a stable "neutral" asset allocation strategy. FMR Co., Inc. (the Adviser) may modify the fund's neutral asset allocations from time to time when in the interests of shareholders. Buying and selling futures contracts (both long and short positions) in an effort to manage cash flows efficiently, remain fully invested, or facilitate asset allocation. Plan Name (i.e., "the Plan"): TTT West Coast, Inc. 401(k) Retirement Savings Plan

Plan#: 47130

Incoming Rollover Instructions

"Rolling over" money into the Plan is a three-step process. Please follow these instructions to ensure that this process is completed in a timely and accurate manner. *Please Note:* Failure to follow these instructions may result in a delay in the processing of your request and may jeopardize your ability to roll over your distribution.

Step 1. Request your distribution

Request a direct rollover distribution from your previous eligible retirement plan. See the Incoming Rollover Contribution Application for a list of the types of plans or accounts from which rollovers may be made to your employer's plan. Please keep in mind that you can only rollover your Roth 401(k) or After-tax contributions into the plan if your plan allows for these types of rollovers. Check with your Benefits Department to see if these types of rollovers are allowed. There are two distribution check payable options:

Option 1.

The check can be made payable to Fidelity Investments Institutional Operations Company, Inc. (or FIIOC), for the benefit of (YOUR NAME). The check must be from the distributing trustee or custodian. (Personal checks are not acceptable.) **Note:** This type of distribution avoids automatic income tax withholding. Also, it avoids the possible 10% early withdrawal penalty if you are under the age of 59 1/2.

Option 2.

If the distribution was originally made payable directly to you, you must send your rollover contribution to Fidelity via a certified check or money order only for the amount you are rolling over payable to FIIOC. (Personal checks are not acceptable.) **Note:** If your distribution is initially received as a check made payable to you, your rollover must be completed within 60 days of receipt of the distribution. Your previous administrator will be required to withhold income taxes. As a result, you will not be able to roll over 100% of your eligible distribution unless you have extra savings available to make up the amount withheld. You must also roll over that amount within 60 days of receipt of your distribution. If you do not make up the amount withheld, that amount will be considered a withdrawal from the previous program and the taxable portion will be subject to ordinary income taxes and possibly a 10% early withdrawal penalty.

Fidelity does not accept wire transfers of funds. You must request a CHECK from your previous plan or IRA. The check should be mailed directly to you. Once you have received the check, please follow the directions in Step 2.

Step 2. Initiate your rollover request

Please log on to www.401k.com to initiate your rollover request or complete the Incoming Rollover Contribution Application. Please be sure to complete all items, and sign the form if indicated.

Please Note: This rollover contribution will be invested based on the investment elections you have on file for rollover contributions to the Plan. If you have not previously made investment elections for your rollover contribution please log on to NetBenefits® at www.401k.com to do so. Otherwise, it will be invested based on your elections for elective deferral contributions. If you have not made investment elections for either rollover or deferral contributions, this amount will be invested in the Plan-designated default investment option. If you wish to make investment elections for your rollover contribution, please do so by contacting Fidelity Investments prior to submitting this form.

If you are not sure of the plan type that you are rolling out of, please contact your previous Plan Sponsor or IRA custodian for verification. Some plan types are not eligible for rollover.

You should make a copy of the check and the Incoming Rollover Contribution Application for your records.

Step 3. Mail the information

Mail (1) the Incoming Rollover Contribution Application and (2) the check to:

FIRST CLASS MAIL WITH STAMP:

Fidelity Investments Client Service Operations
P.O. Box 770003 Cincinnati, OH 45277-0065

Overnight Address:

Fidelity Investments
Client Service Operations (KC1F-L)
100 Crosby Parkway Covington, KY 41015

Please include all the information requested. Incomplete forms and the accompanying check will be returned to you and may jeopardize your ability to roll over your distribution.

Once your contribution is accepted into the Plan, you can log on to Fidelity NetBenefits® at www.401k.com to view your rollover contribution and investment election(s). Please allow at least seven business days for processing. If you have any questions about rollover contributions, call **1-800-835-5097**. Please be sure you have beneficiary information for the Plan on file.

Acceptable rollover funds

The Plan will accept taxable* money from the following types of plans: 401(a) plans (e.g., 401(k)); 403(a) plans; governmental 457(b) plans; 403(b) plans (e.g., plans of tax-exempt organizations); conduit IRAs (rollover IRAs); non-conduit IRAs (traditional IRAs, Simplified Employee Pension plans (SEP-IRAs)) and "SIMPLE" IRA distributions made more than two years from the date you first participated in the SIMPLE IRA; distributions of taxable monies made to you as (1) a Spousal beneficiary from a current or former spouse from these types of plans, or (2) an alternate payee pursuant to a qualified domestic relations order (QDRO). In addition, the Plan will accept the following money types if indicated below: Roth 401(k), Roth 403(b), or Roth 457(b); After-tax contributions from 401(a) and 403(a) plans.

***Taxable money is defined as pretax contributions (employee and employer), earnings on pretax contributions, and taxable earnings on after-tax contributions from your previous employer's plan.**

Please note: Making rollover contributions to the Plan that consist of assets other than qualified 401(a), or 403(a) plan assets, or conduit IRA (rollover IRA) assets, may result in the loss of capital gains or 10-year income-averaging tax treatment associated with lump sum distributions from the Plan. If you may be eligible for this special tax treatment, you should consult your tax adviser and carefully consider the impact of making a rollover contribution to the Plan. Please talk to your tax adviser for additional information and review the special tax notice to determine if you're eligible.

Unacceptable rollover sources

The Plan cannot accept money from the following sources: rollovers from nonspousal beneficiary accounts, payments over a life expectancy or a period of 10 or more years, or mandatory age 70½ distributions. Also unacceptable are Roth IRAs, HSAs and Coverdell Education Savings Accounts (CESAs). In-kind distributions of employer stock are not acceptable; therefore, stock must be sold and the proceeds (including any appreciation realized through the date of distribution) may be rolled over.

Section Three: Investment Elections

I direct Fidelity to invest my rollover contribution into my current investment mix applicable to rollover contributions. If I have not previously made investment elections for the rollover contribution it will be invested based on my elections for elective deferral contributions. If I have not selected an investment mix on my own via NetBenefits® or by telephone, I understand that this rollover contribution will be invested in the Plan's default investment option as directed by my employer.

Section Four: Participant Certification

I authorize the investment election for this rollover and acknowledge that I have received information detailing my available investment options. I acknowledge that my rollover contribution will be invested in accordance with section three of this form.

I certify that this rollover amount is composed ONLY of money from acceptable sources listed under Section Two, and I have completed the information regarding the source of this money to the best of my knowledge. Also, if the distribution check was made payable to me, I understand that this rollover must be received and deposited to my account within 60 days of receipt of the distribution. I understand that, once invested, these monies will be subject to the terms that govern the Plan.
